VISIBILITY + COMPLIANCE + DECISION SUPPORT

YOUR SITUATION

What action do you take today so that you are in a better position tomorrow?

Covid-19 is creating unprecedented stress on staff and resources.
Staff and visitors must operate at maximum possible efficacy; within reasonable risk.

Wherever your people are working – remotely or now planning a return to site – it is essential for your business continuity that you demonstrate compliance with new (and evolving) government regulations and internal protocols.

YOU NEED

A genuine real-time, mobile service with:

- Simplicity of use
- No 'app' for staff or visitors to download
- Immediate deployment and distribution
- Flexibility to adjust to the rapid changes ahead
- Demonstration of compliance with regulations and protocols
- Maximum visibility to management and decision-supporting insights
- All your company information in one place, secure

A new way to drive measurable efficiency through any process

“The ‘Fitbit’ for your business. Understand employee health status in real time and optimise your planning”

Alfie Naidoo – Strategy consultant

YOUR SOLUTION

READY TO GO

5X SERVICES

1

Master Plan

- Level 3 regulations require a five-pillar plan
- Supporting you to be on track with the protocols

2

Employee Self Declaration

- Team member wellbeing updates per day (or other time cycle)
- Real-time info contributes to more efficient decision making

3

Workplace Audit

- Your distributed team assists you to be compliant with relevant OHS protocols
- Per work-site hygiene and compliance audits

4

Site Visitors

- Reception officers screen visitors and notify your internal host – in one step

5

Communications & Permits

- New information and travel permits directed real-time to the people in need
- Staff acknowledge understanding + intent to comply

No other service can assist you to get organized and respond faster in a digital world

Magnitude is a no-code platform that delivers rigour to process without breaking the entrepreneurial spirit.

Mobile collaboration, quality management, transparency and accountability within days

A new way to drive measurable efficiency through any process

“Leagues ahead of the competition. I am thoroughly impressed”

Paul Colmer, CTO – Greencom
